**Q6. Write a pred<sup>l</sup> of the following passage or answer the following questions**

\*One of the key benefits of using Facebook in teaching and learning is its capacity for online immunity building. Facebook can connect students with peers and teachers, involving them in communities. A vital component of student's success. For examples in Australia and Singapore, First year under graduate students participated in virtual discussion which helped them to connect with their peers and reduced feelings of loneliness and isolation. Research shows that socializing and connecting to others is a crucial component of a satisfying tertiary experience.

Thus, Facebook can provide a valuable model of Social interaction for students

- i) which is key benefit of using Facebook in teaching?
- ii) what do we understand by online community?
- iii) How did students of Australia and Singapore benefit from online communities?
- iv) Suggest a suitable title for the passage
- v) Classify the following part of speech:  
• satisfying • provide • key • success
